Narrative Disclosure to Summary Compensation Table

The compensation program for our named executive officers consists of base salary, annual variable incentives under our short-term incentive (“STI”) program and long-term incentives, for which we currently use stock option awards. Our named executive officers are also entitled to certain compensation upon termination of their employment. We believe these different forms of compensation provide appropriate incentives to achieve our business goals within the context of our overall philosophy for compensation.

Base Salary. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive’s skill set, experience, roles and responsibilities.

Short-term Incentive Program. Our 2019 STI program was intended to provide a cash incentive to our named executive officers for achieving company-wide goals approved at the beginning of the year by the Compensation Committee. We believe that having an annual STI program provided an important and customary retention tool and motivated our executives to achieve the specific goals that were a part of the program. The Compensation Committee established a set bonus target expressed as a percentage of salary for each named executive officer and established goals for the STI program. After the conclusion of the year, the Compensation Committee determined at what level the goals were achieved.

Long-term Incentive Program. Our use of equity awards is intended to align our named executive officers' interests with the interest of our shareholders by providing an incentive to our named executive officers to increase long-term shareholder value. Furthermore, we believe that in the biopharmaceutical industry, equity awards are a primary motivator to retain executives. We determine the size, mix and frequency of the awards based on numerous factors, including the executive's skills and experience, the executive's responsibilities, performance in the prior year and our approach to setting compensation. For 2019, we used stock options for equity awards. All of the stock options issued to the named executive officers vest over a four year-period, with the first installment vesting on the first anniversary of the award.

Employment Agreements. At the time each of our named executive officers joined the Company, we entered into employment agreements with them. Mr. Swirsky's agreement was subsequently amended in 2018 to reflect his promotion to Chief Executive Officer, as described more fully below under "Employment Agreement with Mr. Swirsky." These agreements were designed to be a part of a competitive compensation package for a publicly traded company and to keep our named executive officers focused on our business goals and objectives. In March 2019, Dr. Benaim informed us of his resignation from the Company. In August 2019, Dr. Nolan informed us of her resignation from the Company.

Payments on Termination. Pursuant to his employment agreement, Mr. Swirsky is entitled to specified benefits in the event of the termination of his employment under specified circumstances, including termination following a change of control of the Company. The terms of this arrangement is more fully described below under "Mr. Swirsky's Employment Agreement." We believe these protections are appropriate for the senior executives of a biopharmaceutical company such as the Company, including because of the level of acquisition activity in this industry. We believe that providing benefits in the event of a change of control of the Company allows our named executive officers to focus their attention on building our business rather than on the personal implications of a transaction. Under the terms of their former employment agreements, each of Dr. Benaim and Dr. Nolan were entitled upon their resignations only to the base salary to which they were entitled for the period ending on the resignation date and the base salary for accrued but unused vacation as of the resignation date.

Employment Agreement with Mr. Swirsky

Effective January 2, 2018, we entered into an employment agreement with Mr. Swirsky to serve as our President and Chief Financial Officer, which was subsequently amended on November 14, 2018 upon Mr. Swirsky's promotion to Chief Executive Officer. Pursuant to the amended employment agreement, we agreed to pay Mr. Swirsky a base salary of \$425,000 with the option of a discretionary annual cash bonus of up to 40% of his base salary for 2018 and up to 50% of his base salary for subsequent years, as determined by performance against objectives and milestones set by the Board of Directors. Mr. Swirsky's employment agreement provided for an initial grant of 20,833 options to purchase shares of our common stock, and the amended employment agreement entered into in connection with his promotion to Chief Executive Officer provided for an additional grant of 41,666 options to purchase shares of our common stock and that the Board of Directors may award him additional options each year. In the event Mr. Swirsky's employment is terminated by reason of disability or for "Cause," as defined in the employment agreement, we will pay Mr. Swirsky his base salary owed up to the termination date, including payment for any unused vacation days, and any earned but unpaid annual bonus for a year prior to the year in which the termination occurs. If we terminate Mr. Swirsky's employment without Cause or Mr. Swirsky terminates his employment with "Good Reason," as defined below, then Mr. Swirsky's stock options will be subject to accelerated vesting to the extent to which they would have vested within the 12 months following termination and we will pay Mr. Swirsky his base salary owed up to the termination date, including payment for any unused vacation days, any earned but unpaid annual bonus for a year prior to the year which the termination occurs, a lump sum equal to his then-current annual base salary, an amount equal to the pro-rata portion of the bonus that he otherwise would have been entitled to, and COBRA premiums for 12 months if he makes a timely election and is eligible for coverage. In the event we terminate Mr. Swirsky's employment without Cause or Mr. Swirsky terminates his employment with Good Reason within the two-year period following a "Change of Control," as defined in the 2013 Stock Option Plan (the "2013 Plan"), we will pay Mr. Swirsky his base salary owed up to the termination date, including payment for any unused vacation days, any earned but unpaid annual bonus for a year prior in which the termination occurs, a lump sum equal to 150% of his current annual base salary and 150% of his target bonus, an amount equal to the bonus he would have otherwise been entitled to, assuming Mr. Swirsky would have received a bonus for the fiscal year equal to his target bonus if he had stayed employed with the company for the entire year, and COBRA premiums for 18 months if he makes a timely election. Mr. Swirsky's equity awards would also vest and become exercisable in connection with the Change of Control. A resignation by Mr. Swirsky is deemed a resignation for "Good Reason" if he provides written notice to the Company of the specific circumstances alleged to constitute Good Reason within 90 days after any one or more of the following events and such Good Reason is not cured within 30 days of our receipt of such notice:

- a material diminution in his duties or authority inconsistent with his position;
- a reduction of his salary or target bonus percentage;
- a relocation requiring him to be based at any office that is more than 35 miles from our office at the time of the signing of the agreement; or
- any material breach by the Company of the terms and provisions of the agreement or any other material agreement between Mr. Swirsky and the Company.

The employment agreement also contains a provision prohibiting Mr. Swirsky from soliciting our executives, employees, customers or clients for a period of 12 months following his termination.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Certain Relationships and Related Person Transactions

The Audit Committee charter requires that the Audit Committee review and approve all proposed transactions between the Company and any director, officer or other employee of the Company, and any holder of 5% or more of our voting capital stock, in order to ensure that any such transaction is on an arm's length basis and in accordance with all applicable laws and regulations and the requirements of any exchange on which our securities may be listed from time to time. Based on our review of our transactions, there have been no transactions or proposed transactions considered to be related person transactions since January 1, 2018.

Director Independence

Our common stock is currently listed on the Nasdaq Capital Market. Our Corporate Governance Guidelines define an "independent" director for the purposes of the Board of Directors and its committees in accordance with the applicable provisions of the Exchange Act, the rules promulgated thereunder, and the applicable rules of Nasdaq. We currently have a total of seven directors, six of whom are independent. Our independent directors are Messrs. Brandt, Beever, and Rodgers and Drs. Cheong, Price and Sullivan. In making the independence determination with respect to Dr. Price, the Board considered that his employer provides pharmacovigilance services to the Company.

Item 14. Principal Accounting Fees and Services.

The following table presents fees for professional audit and non-audit services rendered by our independent registered public accounting firm for the years ended December 31, 2019 and 2018, respectively.

(1) Audit Fees relate to the audit of our financial statements, reviews of financial statements included in our quarterly reports on Form 10-Q, comfort letters requested for our financing, and the auditor consents to registration statements.

All audit and non-audit services to be performed by our independent accountant must be approved in advance by the Audit Committee. The Audit Committee may delegate to one of its members or a subcommittee of the Audit Committee the authority to grant pre-approvals with respect to non-audit services. For audit services, each year the independent accountant provides the Audit Committee with an engagement letter outlining the scope of proposed audit services to be performed during the year. This letter must be formally accepted by the Audit Committee before the audit commences. The independent accountant also submits an audit services fee proposal, which also must be approved by the Audit Committee before the audit commences.
